

CORAL BEADS

Red Beaded Heavy Duty Hand Cleansing Gel

CORAL BEADS is a medium to heavy duty beaded gel hand cleaner for industrial and workshop use. The dispersion of precision milled polymer beads enables easy removal of oil, grease, printing inks, carbon black, and certain paints, without attacking the skin.

CORAL BEADS is manufactured from the very highest quality raw materials and complies with E.E.C. Regulations and requirements.

CORAL BEADS contains no harsh chemicals. It does not de-fat the skin, so keeps the hands in excellent condition.

Removes medium to heavy duty contaminants such as mineral and lubricating oils, grease, rust, tar, bitumen, grass stains, etc.

Use CORAL BEADS by rubbing well into the hands to lift ingrained soiling, then rinse off well with clean water. Dry the hands well. If water is not available remove the soiled gel with a clean rag, and rinse hands in water when next convenient.

MSDS Data: An EC safety data sheet (MSDS) providing additional information is available on request.

Packaging Sizes:

- 15 litre tub
- 4 x 3 litre PET jars (special order)

Applications:

Use in garages, workshops, maintenance departments, factory production washrooms, off site workings, etc.

- Powerful cleansing action
