PRODUCT DATA SHEET

Medium to Heavy Duty

ELITE MOUSSE

Natural Hand Cleaning Mousse with Aloe Vera and Ground Walnut Shell

Opus WORKFORCE ELITE, is formulated for removing general industrial contamination. It is a natural hand cleaner that is non-alkaline and solvent-free. The addition of aloe vera helps skin regeneration of working hands. Potential skin problems liable to be experienced by those who are hypersensitive to the ingredients used in solvent-based heavy duty hand cleaning gels, are eliminated.

Opus WORKFORCE ELITE is pleasant to use, leaving no unpleasant smells on the hands to mar the enjoyment of food at break times.

WORKFORCE ELITE contains eco-friendly ground walnut shell as an effective scrubbing agent, which will not clog drains. Wood flour is also incorporated into the mix to balance the texture.

The product is biodegradable, and does not pollute the environment

Opus WORKFORCE ELITE cleans deep into the pores without irritating the skin. It creates a rich, satisfying lather and rinses freely.

Opus WORKFORCE ELITE is a light beige pumpable mousse which can be used in appropriate Opus dispensing systems if required.

Opus WORKFORCE ELITE removes grease, oil and general grime quickly and easily without damaging the skin. A small amount should be rubbed into the hands and water added. Wash vigorously, then rinse and dry thoroughly.

SDS Data: An EC safety data sheet providing additional information is available on request.
