Heavy Duty

## TANGO GEL

### Medium to Heavy Duty Hand Cleansing Gel

Opus TANGO has been formulated for effective removal of medium to heavy duty hand contamination. It is produced from natural ingredients, and is non-alkaline and solvent-free. It thus eliminates the potential skin problems liable to be experienced by those who are hypersensitive to the ingredients used in solvent-based heavy duty hand cleaning gels.

Opus TANGO is pleasant to use, leaving no unpleasant smells on the hands to mar the enjoyment of food at break times.

TANGO gel is biodegradable, so does not pollute the environment

TANGO is formulated using eco-friendly cornmeal scrubbing agents, which will not clog drains.

TANGO cleans deep into the pores without irritating the skin. It creates a rich, satisfying lather and rinses freely.

TANGO is an opaque orange-coloured pumpable gel which can be used in appropriate Opus dispensers. Please ask about our range of inexpensive dispensers for use with this product.

Opus TANGO removes grease, oil and general grime quickly and easily without damaging the skin. A small amount should be rubbed into the hands and water added. Wash vigorously, then rinse and dry thoroughly.

**SDS Data:** An EC safety data sheet (SDS) providing additional information is available on request.

**Packaging Sizes:**

- 6 x 1 litre refill cartridges for use in wall-mounted, 1 litre cartridge dispenser
- 4 x 4 litre refill cartridges for use with wall-mounted 4 litre cartridge dispenser.
